

Julie Melvin

I have two sons at STRS. I joined the PA when our oldest son started in 2003 and I also became a Governor last year.

Although I work full time I enjoy getting involved in fund raising events. You'll always find me at our Christmas Fair and this year I have organised and run all the Car Boot Sales. I enjoy the organising side of things and the challenges it brings plus being outside during the Boots is a welcome change from the office. There are a team of people that help of course, who turn up on time and don't seem to mind being bossed around by me, but the aspect I love most is the recycling, one of my passions, with the added bonus that we raise loads of money too.

Meeting and talking to new people is always fun too - those involved with the school and those attending our events. I would recommend joining the PA to anyone, we are a friendly bunch and new people, ideas, skills and talents are always warmly welcomed and encouraged.
